About Ruby

Ruby has been performing since her first dance class at the age of 3 and is very comfortable onstage. She is small for her age but mature, and can therefore portray a child both younger and older than her 8 years. Ruby takes direction very well and strives to do her best in everything she does. In addition to acting, she loves to read, write, and do all things art-related. One of her favorite things to do at home is just play pretend with her 3-year-old sister. Ruby adores animals and wants to be a zoo veterinarian one day. She also enjoys being outdoors and going swimming, bike riding, hiking, and fishing.
