Nathaniel is a happy-go-lucky kid with an infectious smile and an adorable personality. He loves making people smile and craves attention and praise. One director he recently worked with said, "He just brought sunshine into every room." He lights up in the presence of music and loves to dance. He loves art, make-believe and running the crew of neighborhood friends, including his fraternal twin brother, Carter. He is a great listener, takes direction well and is bursting with charisma.
