

# Heather Foster

Non-Union

In my smoky, rich, textured alto, I have voiced for thousands of projects ranging from television and radio commercials in larger regional markets such as Houston and Seattle; recorded promos for shows like the "Houston Sports Show" and "In Depth"; worked on in-house projects for Fortune 500 companies like SAP and Pfizer; voiced radio imaging for stations across the U.S. and recorded "live" announce for large conferences like CloudFest and NamesCon. I was also honored to be a top finalist in both 2017 and 2020 in the SOVAS That's Voice Over National Promo Competition. My voiceprint celebrity prototypes are Frances McDormand, Allison Janney and Wendi McLendon-Covey.

Here are a few of some of my more prominent clients:

The AAF American Advertising Awards  
Alien Harvest- an Alien 40th anniversary short  
Best Western  
Circle K  
Cloud Fest  
Congressional Medal of Honor Society  
Houston Sports Show  
Houzz  
Names Con  
NTT Data  
Parcells, Music Video  
Pfizer  
Quixx,  
SAP,  
TiVo,  
Toshiba.

Training: Commercial Dave Wash; Promo: Jodi Gottlieb; Retail: Roger Leopardi

My primary signal chain is a Sennheiser MHK 416 mic into a Universal Audio Arrow interface/preamp, using Adobe Audition as my recording/editing software. Average noise floor - 66 db.
