

RICH SUMMERS VOICE OVERS

Rich has done voice over recordings for commercials (radio & TV), documentaries, corporate narrations, E-learning, audio books, IVR, Telephony and more.

Can also provide complete production services with music and sfx if desired.

- * Royalty Free Music Libraries and Sound Effects
- * Professional Editing and Mastering
- * Isolation Booth with a very low noise floor.
- * High Speed Internet
- * SourceConnect / Skype
- * All recordings are Peak Normalized to -3dB; with a dynamic range up to 32-bit, and sample rates as high as 192 kHz)

STUDIO AND AUDIO: Voice-over is more than just a great read. Demanding clients expect high quality, pristine audio, and that is precisely what you can get with Rich. Voice-overs are recorded within an ultra-quiet, acoustically treated isolation booth using a Sennheiser 416 microphone for world class sound. The studio is equipped with Source Connect, Skype, and direct phone, allowing you the option of directing the session from your location.
