About Ruby

Ruby has been performing since their first dance class at the age of 3 and is very comfortable onstage. They are small for their age but mature, and can therefore portray a child both younger and older than their 12 years. Ruby takes direction very well and strives to do their best in everything they do. In addition to acting, Ruby loves to read, draw, and create art. They are very interested in voice acting and have a great ear for accents. Ruby adores animals and wants to be a zoo veterinarian one day. They also enjoy exploring the outdoors and going swimming, bike riding, hiking, and fishing.
