SPECIAL SKILLS

I am a multi-talented performer with a remarkable range of skills. With being accepted into the prestigious Governor's School for the Arts for Musical Theatre, I have also demonstrated exceptional talent by recently securing Top 2 placements in four categories at the ARTS Showcase in Orlando, Florida (Singing, TV Commercial, Film Scene, and Monologue). My artistic abilities extend to music as a successful singer-songwriter proficient in guitar, drums, bass, and piano. Complementing my artistic achievements, I am also an accomplished athlete, having earned letters in multiple sports during high school. This unique combination of creative and physical talents showcases a dedication to excellence and versatility.
