(513) 533-3113

SKILLS:

Wide Vocal Range
Accents
Ability to Work in a Team
Adaptability
Audio Editing
Writing
Directing

REFERENCES:

Available upon request.

PROFESSIONAL SUMMARY:

Having started voice acting at age 14 to improve his animations, Kyle began voice acting as a profession in the early 2020's. Working primarily in animation, Kyle's vocal range has widened to a point where character acting comes natural to him. Writing also being a strong suit of his, he is known to be able to work alongside writers and directors to be able to get the best delivery he can get out of any given line.

WORK EXPERIENCE:

Boozoo, Charles Brook, TVA

The Walten Files

March 2021 - Present

An Analog Horror series where I am also on the writing and animation team after close collaboration with the crew. Boozoo is a larger than life cartoon magician, Charles Brook is a grounded and honest man who trusts too much, and TVA is a fast talking used car salesman type.

Don Harry Hausen

Banditz

August 2023 - Present

An animated cartoon about a group of thieving animals making a name for themselves. Don, as he's referred to, is the main character's exhausted lawyer who often gets them out of trouble, and is reluctantly part of the main trio if they need additional hands.

Archangel Gabriel, O'Brien

The Mandela Catalogue

November 2022

An Analog Horror series I was briefly the lead villain on. Archangel Gabriel was a soft spoken but evil twist on the typical depiction of an angel. O'Brien was his disguise among humans, taking the form of a kindly Texan.

Mario, Luigi, Additional Voices

Super Brothers

April 2021 - Present

A motion comic retelling the events of Nintendo's "Super Mario" series. Alongside being a key editor and writer for the team, I imitate Charles Martinet's iconic take on the lead characters under direction of the project's director. I also regularly help with background characters or minor roles when needed.

Brulo, Danton

AntonShorts

January 2025 - Present

An animated fanwork for Summitsphere's "AntonBlast" series. Brulo is a tired casino owner whose voice is comparable to Beavis and Butthead's "Principal McVicker," and Danton is life's punching bag with a voice comparable to Aqua Teen Hunger Force's "Master Shake."
