## Voice Over Talent & Writer

I am a professional voice talent with more than eight years of experience. I am based in DFW and plan to remain in this area. I am a high-spirited voice actor and vocalist. I initially gained recognition with over 7k subscribers as an ASMR VA. With more than 15k followers across all platforms, I have now successfully transitioned into a full-time home studio voice talent.

I am eager to expand my career and am looking forward to the many opportunities ahead.
