## **Special Skills**

Athletically versatile with a strong sports background. Played quarterback, wide receiver, and safety at the junior and high school level; known for accurate throwing arm and sure hands in high-pressure situations. Outfielder, Pitching and Infield experience in baseball. Skilled basketball player with strong court IQ, mid-rang shooting and precise passing. Confident in football and baseball-specific skills, (throw, catch, route running) for on-camera and stunt-adjacent work.

Voice character work and accent exploration and animated character vocal styles — naturally animated with strong physical presence; frequently noted for comedic timing and personality-driven performances. (Note: voice and accent work is recreational/developing, not professionally trained.)

Highly empathetic with a natural ability to read the emotional tone of a room and connect authentically with conversations. I have strong skills to change attitude, behavior and ability to adapt to a “rooms temperature”.

Runway modeling — walked in local fashion show (2026).

Fun fact: Can fold my tongue into three U-shapes simultaneously.
